HELP PLEASE: Our wonderful grounds and maintenance people have raked up all the green waste (leaves etc.) around the back of the car-park and it would be really good if someone with a trailer would be able to take it away. It would be great mulch for your garden!

HELP PLEASE AGAIN: Has anyone got a newish, tidy, surplus small fridge/freezer that could be given to our club?? Please contact the office if you can help.

CONVENIENCE CARDS: It is always a bit of a mission in people's households to find the cash for the table fees, so the Convenience Card system makes it easy. All you have to do is hand over \$80 (for 10 lots of table fees) to the Director who will issue you with a card immediately. It is amazing how much stress this removes.

CLUB HELPER SURVEY 2018/2019: Have you filled this in?? Extra copies are on the Directors' desk. Many thanks to all the offers to help that we have got so far.

LEARNERS CLASSES: We are currently running a learners' class which finishes on Thursday 28th June. **The next Learners' class will then commence on Monday 16th July.** Please let your friends, family and acquaintances know about the next lot of free lessons, as this will be the last set of lessons for the year.

ACOL Flipper charts are available from the office - \$15.00. Very helpful for Junior & Intermediate grades.
