Weekly News Tuesday 6 April

Dear Members

I hope you have all had a relaxing Easter break and found somewhere shady away from yesterday's heat. It was sweltering on the other side of the harbour and any thoughts of "knocking off" Mt Herbert were quickly put aside for another, cooler day.

Crockfords Trophy Matches

During the year we have three of these Sunday matches, named and played in honour of former members of the Club. The first, the Maples Trophy will be held on Sunday 25th April at 1.00pm. This will allow you time to recover after attending the ANZAC Day dawn service.

The Maples Trophy is being sponsored this year by the Russley Village, and I am keen/desperate to ensure their continued support by having a large number of our members playing in the event. It is just one session of bridge and after acknowledging the winners and other top players, we will randomly "award" the other prizes, thus ensuring that everyone has a chance to be a winner.

The format, which seems to have proven popular, is a table fee of \$10, and each pair providing one plate for afternoon tea. These Sunday matches are a wonderful way to mix with other grade members and are always a lot of fun.

Emergency Evacuation

Thank you to Rob Freeman for organising and supervising these last week. Please remember that as well as the two main entry points to the Club, there are also doors in the kitchen, supper room and foyer that we can use to exit in an emergency. If anyone knows what has happened to our high-viz vest that the Director should wear on these occasions, please let me know.

Membership Help

If you have missed completing a form, they can be found on the Director's desk. We appreciate your support.

Well Done

Congratulations to Judith Penney and David Hawes who scored 65.15% in the Intermediate competition last Monday night.

April Committee Meeting

This is to be held this Friday night at 5.00pm at the clubrooms. As always, members are welcome to attend.

Happy bridging.

Kind regards
Jan Barrow
President
